

## WorkHealth *ARRIVES* in Westerville

WorkHealth-North has moved from the Northeast Health Center at 6200 Cleveland Avenue. We are now located in the new OhioHealth Westerville Medical Campus at 300 Polaris Parkway.

### *Look at what the WorkHealth-North associates did in 2008:*

- Treated a total of 13,558 patients
- Performed 9,599 physical exams, drug screens and breath alcohol tests
- Completed 3,959 work-related injury visits
- Saw 4,195 walk-in patients without appointments
- Performed over 200 high-end executive physical exams for large employers in central Ohio
- WorkHealth-North also specializes in annual firefighter physical exams, performing exams for over 15 fire departments and hundreds of firefighters within central Ohio. This testing is performed to insure that our firefighters are physically able to perform their difficult jobs.

### **The WorkHealth-North Team includes:**

- Matthew Bridger, MD
- Naomi Wriston, DO
- Brenda Ballog, Office Specialist
- Venita Crouch, Office Specialist
- David Campbell, RN, Center Coordinator
- Sevena Frazier, Medical Assistant
- Lynntease Sanders, Medical Assistant
- Tami Simmerman, Medical Assistant
- Kara Wester, Occupational Health Assistant

The team at WorkHealth-North is excited to call the Westerville Medical Campus our new home. We would love to show you our new facility. Please call (614) 544-4632 to arrange a visit.

Westerville Medical Campus combines the expertise of OhioHealth's hospitals and physicians in a convenient outpatient setting—giving you unprecedented access to a variety of medical specialties under one roof.

Westerville Medical Campus is designed to meet all of your outpatient care needs: everything from highly specialized outpatient surgery and advanced imaging to rehabilitation and routine physician visits. And it's all brought to you by the experts you trust at OhioHealth's hospitals – Riverside Methodist Hospital, Grant Medical Center, Doctors Hospital, Grady Memorial Hospital and Dublin Methodist Hospital.

### Physician partners

Westerville Medical Campus has been designed in close partnership with some of OhioHealth's leading physicians. We are excited to expand access to quality healthcare closer to where our patients live and work by partnering with physician practices in the areas of primary care, orthopedics and plastic surgery. Now when one of your employees needs specialty care, chances are the service can be provided within the Westerville Medical Campus.

### Extraordinary customer service

When you arrive at the facility, you will enter WorkHealth through a dedicated entrance just for our patients. You will be greeted immediately by a WorkHealth office specialist.

### Advanced technology

For our non-English speaking patients, Westerville Medical Campus offers MARTTI - My Accessible Real-Time Trusted Interpreter. MARTTI connects non-English speaking patients to live interpreters in more than 150 languages, including American Sign Language, Somali, Spanish, Japanese and Russian.

Interactive computer kiosks throughout the campus will let you browse medical information while you wait. Wi-fi access is also available and free for any guests who'd like to stay connected while they're at Westerville Medical Campus. You can simply log-on to a guest network using your own computer.

### For your convenience

The following is a list of services that are available to all of our patients and visitors at the Westerville Medical Campus to make your visit as convenient as possible:

- Free parking
- Valet parking
- Tim Hortons Café, for healthy dining options
- Kid Care, providing short term childcare during your visit
- COTA bus stop, for easy access to all of our services
- Free Wi-Fi access
- Complimentary paging system
- Learning / Conference center

## Westerville Medical Campus

300 Polaris Parkway  
Phone: (614) 533-3000

In addition to WorkHealth, the Westerville Medical Campus brings you an exceptional variety of medical services all under one roof:

- Wide ranging outpatient services including
  - X-ray and imaging
  - Lab/blood-draw services
  - Wound care and vascular services
  - Outpatient surgery at the Polaris Surgery Center
- McConnell Heart Health
- Grant Vascular Lab
- Sleep Services
- Women's Health services including mammography
- Comprehensive orthopedic care including:
  - Sports medicine
  - Specialized orthopedics
  - Pain management
  - Physical and occupational therapy
  - Aquatic therapy in our state-of-the-art pool
- HomeReach Home Medical Equipment store

### Comprehensive Orthopedic Care Right Around the Corner

Whether your injured employee needs physical therapy, an x-ray or orthopedic specialty treatment, WorkHealth can refer them to services within our facility. Westerville Medical Campus' comprehensive musculoskeletal program makes it easy to see the right physicians without a long wait for an appointment. Our musculoskeletal program features:

- Nationally-recognized orthopedic specialists
- 12,000 square feet rehabilitation space. Features unique return-to-play technology in a gym-like atmosphere.
- Dedicated physical and occupational therapists
- WorkRehab focused on functional capacity and work conditioning
- Performance enhancement specialists who focus on return-to-work training
- Functional Restoration Program for patients with chronic pain. This program is dedicated to functional improvement and self management of symptoms to improve the patient's quality of work life.
- Aquatic therapy available in a 4,000 square foot rehabilitation space that includes a state-of-the-art pool complete with underwater resistance training equipment. Aquatic therapy is ideal for workers with mobility issues related to low back, hip, knee, ankle and foot injuries.

### State-of-the-art Imaging

Westerville Medical Campus offers you access to the latest in diagnostic imaging equipment. If you need a diagnostic imaging test to diagnose an injury, X-ray, MRI, CT and ultrasound services are located on the first floor. Best of all, our radiologists, who specialize in orthopedic injuries, will interpret the results.

### State-of-the-Art Care at our Polaris Surgery Center

Conveniently located on the first floor of the Westerville Medical Campus is the Polaris Surgery Center. The Polaris Surgery Center is designed with four technologically advanced operating suites to accommodate the latest surgical equipment.

### A WorkHealth Rickenbacker UPDATE

Due to the economic conditions throughout Ohio and the associated slowdown in business growth, WorkHealth will delay our move into the Rickenbacker market. The anticipated timeline for WorkHealth Rickenbacker is now estimated for 2010.
