

December 10, 2020

Hello Grant Health & Fitness Center community members,

We hope this long-awaited message finds you well.

OhioHealth has taken extraordinary measures to keep our hospitals and care sites like OhioHealth Grant Medical Center safe during the COVID-19 pandemic. We know you have been anxiously awaiting an update on the OhioHealth Grant Health & Fitness Center.

After careful consideration, and due to the demands of COVID-19 and the other challenges facing our organization, **we've made the decision to close the Grant Health & Fitness Center to the community.** We will be reopening to our OhioHealth associates only, but the fitness center will no longer be open to the public.

We realize that this news will be difficult for some of you. Your health and wellness continue to be important to us, and we understand that a regular health and wellness routine is needed now more than ever. If you have not yet found a new fitness routine, we'd be happy to connect you to other services in our community and OhioHealth, like our [McConnell Heart Health Center](#). We are here to support you as you transition to a new routine or fitness location.

Action needed: If you have items left in your locker, please email Grant_Fitness_Center@ohiohealth.com to coordinate a scheduled pickup time before January 4, 2021. Drop-ins will not be possible, but we'll do our best to coordinate a time that works for you.

Contact information: If you need support transitioning to a new fitness center or have any other questions about the status of your membership, please email Grant_Fitness_Center@ohiohealth.com.

This year has been difficult in many ways, and this decision was not an easy one. On behalf of the entire Grant and OhioHealth community, we thank you for joining us on your health and wellness journey.

Be well and stay safe,

OhioHealth Grant Health & Fitness Center
