LAP POOL CLASSES:

AQUA LIGHT (Intermediate) Perfect class for beginners to learn the basics. Also ideal for intermediate and advanced levels to modify the range of motion and speed of the movements to create as much intensity as desired.

LIQUID GYM – (Intermediate) This full body workout utilizes strength training interspersed with cardio conditioning. Each workout will be new and different workout!

AQUA CARDIO – (intermediate) Uses various cardio formats of interval training, circuit training, water boxing, toning and more.

3 QUARTERS - (intermediate to advanced) This class is divided into three quarters, with intermediate cardio, plyometric explosive moves, and high energy cardio.

AQUA DRUMS – (intermediate) AD combines drum rhythms, fun and fabulous training. We'll use equipment which will lengthen upper limbs increasing resistance by lengthening the leverage.

HYDROTONE – (intermediate to advanced) Intense cardio training for 30 minutes using Hydrotone equipment.

AQUATIC INTERVALS - (intermediate to advanced) – This class incorporates a variety of interval training options to take your cardio to the next level.

PLYOMETRIC INTERVALS – (intermediate to advanced) This cardio-strengthening class, will incorporate a variety of plyometric training drills to give participants a unique challenge.

STEP IN THE WATER – (advanced) Fast-paced, 30 minute cardio workout using steps and plyometrics. Advanced aquatic exercise experience highly recommended.

H2O BOOTCAMP – (advanced) For this class, a variety of exercise equipment will be used at several workout stations. They include hydrotones, steps, aqua balls and more in an intense boot camp class format.

WARM WATER CLASSES:

ARTHRITIS FOUNDATION AQUATICS – (All levels) This warm water class is for individuals with mobility challenges, i.e. arthritis, surgery or joint injuries. Emphasis is on range of motion, balance and mild strengthening exercises. This is a “stepping stone” to Liquid Balance.

AI CHI – (All levels) The warm water exercise class is comprised of deep breathing and slow broad movements of the arms, legs and torso at shoulder depth. The main focus is relaxation. Secondary benefits are improved range of motion and overall mobility.

LIQUID BALANCE – (All levels) Whole body strengthening (using your body for resistance), stretching and balance work is the primary focus. Suspended and anchored movements are also utilized to increase stamina. The last 5 minutes are reserved for a relaxation.

BACK BIOMECHANICS (All levels) This class focuses on strengthening the upper and lower back in order to facilitate functional movements for everyday life.

FUNCTIONAL AQUATICS – (All levels) This class will focus on aquatic training that prepares the body for real-life movements and activities such as squatting, reaching, pulling, and lifting. Instructors will employ the water's resistance in addition to other aquatic exercise tools to strengthen and engage the whole body in functional movements.

AQUA BALLET (All levels) – The ultimate total body workout to improve strength, balance, heart health, hip mobility, thoracic mobility and more....And it is fun and engaging.

WATER YOGA – (All levels) Basic yoga poses are adapted for the warm water pool. The main focus is on dynamic strengthening, stretching, balance, and relaxation. Body awareness and mental focus are enhanced through the union of mind, body and breath.

WARM WATER CLASSES (continued):

AQUA PILATES – (Beginner to Intermediate) Basic Pilate's moves are adapted for the warm water pool. The focus is on strengthening the smaller, less used muscles attached to the spine. Great class for those with back problems. Class is very gentle, yet powerful and effective.

CORE IN THE WATER – (Beginner to Intermediate) This class consists of strengthening exercises for the abdominals, low back, hamstrings, quadriceps, gluteals, and the smaller, less used muscles attached to the spine.

PYRAMID AQUATICS – (Beginner to Intermediate) Class will use gradual progression of strengthening and cardio using pyramid techniques.

BALANCE & STRENGTH – (Intermediate) Balance and strengthening work using equipment for resistance in the warm pool.

NOODLE FUNDAMENTALS (Intermediate) This class is designed for a total body workout using the noodle's buoyancy and resistance properties. The first segment of this class is designed to reach your target heart rate in the cardio portion. The second segment of this class is designed to strengthen the upper body, the lower body and the core.

CARDIO & STRENGTH – (Intermediate) Cardio and strengthening work using equipment for resistance in the warm pool.
