

# Family Medicine Rotation Information For Medical Students **2022-2023**

Welcome to OhioHealth O'Bleness Family Medicine! We thank you for your interest in our program and hope your time with us is both enjoyable and educational. The following guide was created to help you prepare for your rotation, please read it carefully. We look forward to seeing you soon!

Sincerely,

Charles Fisher, DO- Program Director  
Katie Hutchison-Ulloa, DO- Associate Program Director  
Alexandra Fitzgerald, DO- Assistant Program Director  
Mike Martin, DO- Associate Program Director/Director of Sports Medicine  
Mindy Oehlers- Medical Education Coordinator

## Our Address

OhioHealth O'Bleness Family Medicine Residency Clinic  
26 Hospital Dr., 2<sup>nd</sup> Floor  
Athens, OH 45701  
P: (740) 249-4122

Look for the **ORANGE** building marker for our Medical Office Building

## Directions

If coming from Union St., follow the **orange** arrows. If coming from campus/Shافر St., follow the **red** arrows. There is a sign at the parking lot entrance with the building address.

## Parking

Please park at the back of the building, or in the row in the front of the building closest to the hospital, furthest from the Medical Office Building Entrance. There is no cost for parking.

## CareConnect Training (EPIC)

CareConnect training is part of your rotation. Information regarding this will be emailed to you prior to your start date. You must have this training completed by 9am on the Friday prior to the start of your rotation in order to have access on the first day with OBH Family Medicine.

## Arrival

**Arrive at 9:00am on the first day of the rotation.**

Take the stairs or elevator to the second floor. Mindy will greet you at the entrance to the clinic waiting area and will take you to meet with Dr. Fisher to introduce you and discuss day-to-day logistics.

## Guidelines for Clinical Elective Rotations

The OhioHealth O'Bleness Hospital Department of Medical Education office serves as the primary point of contact and administration for your clinical rotation. In order to successfully complete and pass a clinical rotation, each student will need to comply with local policies and procedures.

If you become ill and cannot report for the day(s), it is your responsibility to contact the program director prior to the start of your shift. If you fail to do so, your school will be notified of your unexcused absence(s). If you have planned absence during the rotation, it is your responsibility to inform the Medical Education office prior to the start of the rotation.

**You must not begin your rotation before your rotation's official start date.**

Failure to comply with this rule will lead to immediate termination of your rotation.

## Assignments

You will be asked to write a patient encounter note each day during your rotation in SOAP format to discuss with a faculty member. These should be completed as a Word document and can be printed or emailed to faculty for discussion. You will have access to a computer at the clinic to review patient charts and complete your note assignments. During your rotation it is expected that you present patients to the attendings frequently every day.

## Work Hours

7:45am- Arrive at Family Medicine Clinic\* (First patient is at 8 am)

Noon-12:45- Lunch on your own (free to leave clinic, there is a refrigerator in the office breakroom if needed)

4:30pm- Last patient appointment

Please expect to be at the clinic until at least 5 pm

Your number of on-duty hours will average about 40 per week but can vary based on scheduling and patient complexity and cannot exceed 80 hours. Any additional hours spent on duty are on a voluntary basis only.

\*This arrival time does not apply to the first day of the rotation.

## Didactic Presentations

The majority of your rotation will consist of clinical experience with patients, residents, and attendings. To supplement the clinical component, you are expected to participate in all didactics required by the preceptor/program.

Time: **Fridays from 7a- noon**

Location: Family Medicine Clinic Conference Room

There are other lectures that take place occasionally throughout the week (e.g.- Cardiology lectures on the 2<sup>nd</sup> and 3<sup>rd</sup> Wednesdays of the month from 7-8a)- Mindy will include you on the calendar invitations for any didactics that take place during your rotation. The calendar invite will include topic and location of the presentation.

## Professional Appearance/Student Identification

You are expected to wear your white student coat and school ID at all times while in the clinic. Your school ID should be displayed on either the pocket or the collar of your lab coat. Professional/business attire must be worn daily while on rotation. Inappropriate attire includes, but is not limited to, wrinkled/unclean clothing, jeans, sweats, shorts, leggings, or other casual attire. Your shoes should be closed-toe, clean and appropriate for a medical office setting.

If you have an OhioHealth badge, please bring it with you to the first day of your rotation. If you do not have an OhioHealth badge, one will be provided to you once you arrive for the rotation (your photo from VSLO is used as your badge photo).

Any deviation from the above conditions shall be at the discretion of your attending physician. Any questions or concerns regarding these conditions should be directed to Mindy Oehlers at 740-592-9572 or [Mindy.Oehlers@Ohiohealth.com](mailto:Mindy.Oehlers@Ohiohealth.com)

## Evaluations

Evaluations will be completed by a faculty member taking in feedback from the attendings, residents and staff with whom you work. It is the student's responsibility to see that the attending physician completes evaluations and other paperwork required by their schools. OhioHealth O'Bleness Family medicine assumes no responsibility for tracking down student evaluations and required paperwork. We appreciate any feedback regarding your rotation.

## Scope of Responsibility

The ultimate responsibility for patient care lies with the attending physician. As a clinical student, you may work only under the direction of a member of the Medical Staff (attending or resident physician) and perform any procedure in the presence of that physician. Any participation in History and Physical Examination, progress note, etc. may only be performed under the direct supervision of a licensed physician (attending or resident) and must be countersigned, dated, and timed within 24 hours by a licensed physician if included in the electronic medical record.

Under no circumstance should you, as a medical student, write orders or act as a scribe for a licensed practitioner. Violations of this rule and a portion of the Medical Practice Act, Ref OAC 4731.41 could prevent you from being licensed in the state of Ohio and could constitute a charge of unprofessional conduct.
