OhioHealth Badges

- + Badges must be used to enter and exit, even when the gate is up. Failing to do so causes the badge to be stuck in “pass back,” meaning it will not work the next time it is used.
- + OhioHealth badges will not allow entrance to a garage before the authorized access time. Associates are not permitted to park in garages during unauthorized times, even if they are willing to pay.
- + Unauthorized use of a badge for parking, such as using someone else’s badge, swiping someone else in, or pulling a ticket and then swiping in later, will result in the loss of all parking privileges.
